VOLUME CVIII.--NO. 189. ALEXANDRIA, VA., FRIDAY EVENING, AUGUST 9, 1907. PRICE 2 CENTS.

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to *insist* upon such knowledge. So he publishes, broadcast and on each bottle-wrapper, what his medicines are made of and verifies it under oath. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, ofttimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nervine and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say *for yourself* by sending a postal card request for a *free* booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the Local.

Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

Dr. Shoop's Night Cure

[Entered at the Postoffice of Alexandria, Virginia, as second-class matter.]

A NOTABLE ADDRESS.

It may seem to some a little out of the usual order that a man of mature years, who has never married, should undertake to discuss before the Virginia Bar Association the subject of divorce, its causes and remedy. "The duty of the State to Diminish Divorce" was the announced theme of the address of State Senator L. H. Machen, of Alexandria, at the recent session of the State Bar Association at the Jamestown Exposition grounds. He handled the subject with masterly ability, showing a thorough appreciation of the many evils growing out of the increasing number of divorces, and the increasing facility with which they are secured. They constitute a serious menace to our social order in the disruption of the home, the foundation of society. Statistics show that divorces in the United States for the last twenty years have exceeded 25,000 annually, or more than half a million in twenty years. In no other country on earth is such a debasing record shown. It would indicate that the American people are rapidly becoming disciples of the doctrine of free love. Nor are divorces confined to any one class of society. They are common to all classes, but in the circles of the rich and so-called high society people there is more frequent mention of them and they attract more attention. In the lower social ranks there are doubtless many separations of married couples without the formality of divorce. The rapid growth of this national evil Mr. Machen ascribes to the case with which marriages are consummated and divorces granted, by reason of a lack of uniformity in the laws of the several States, and he might have added as a reason for the lack of uniformity the multiplicity in some States of the trivial causes for which divorces may be granted.

Because of the immature age at which many young people contract marriage, there is a lack of mature judgment and appreciation of the great responsibility assumed in such a contract. Mr. Machen would very wisely strike at the root of the divorce evil, by making it more difficult to enter into and to break the bonds of wedlock. To this end it is essential that there should be uniformity of legislation among the several States, discouraging or making impossible the contracting of hasty marriages. Mr. Machen would prohibit the marriage of persons under twenty-one years of age; would require ten days' newspaper publication of notice of an application for marriage license, and require medical examinations of both parties, as a prerequisite to obtaining a license. He would also prohibit the remarriage of a divorced person for at least three years after issue of the decree of divorce. Unless the divorce is upon scriptural ground, a perpetual prohibition against the guilty party would be better. Under present practices, marriage is simply a matter of copartnership to be dissolved at pleasure by either or both parties, and not a sacrament. Surely, for the sake of our American manhood and womanhood, the States should make earnest efforts toward uniform legislation upon a matter so vital to our well-being.—[Roanoke Evening World.

MAY ASK $58,600,000 BOND.

Counsel for the Standard Oil Company yesterday took time by the forelock and took the attorneys for the government by surprise by applying for a writ of error and a writ of supersedeas before Judge Grosscup, in the United States Circuit Court of Appeals, as first steps toward contesting the assessment of the fine of $29,240,000 imposed by Judge Landis last Saturday. Assistant District Attorney Harry Parkin was alert, however, and asked that a day be given him to communicate with District Attorney Sims, who, it is expected, will cut short his vacation in Michigan and return to Chicago at once.

It is probable that when the plea of the Standard Oil Company's attorneys is renewed this morning District Attorney Sims will demand that the corporation put up the largest bond ever asked for in history, and it is expected the amount sought will be $58,600,000, about double the fine. Attorneys for the corporation, however, are prepared to contest the government's plea for a heavy bond.

Although the Standard Oil attorneys assert their appeal will be based on 132 reversible errors, they have not as yet pointed out to the District Attorney's office a copy of their bill of exceptions. It is expected the rulings of Judge Landis upon the admission of certain evidence is to be attacked by the defense, and it also is intimated that the court's action in summoning John D. Rockefeller and other officers of the Standard Oil Company of New Jersey before him may be made the basis for a plea of errors.

Eczema.

For the good of those suffering with eczema or other such trouble, I wish to say, my wife had something of that kind and after using the doctors' remedies for some time concluded to try Chamberlain's Salve, and it proved to be better than anything she had tried. For Sale by Gibson & Timberman and W. F. Creighton & Co.

Arbuckles' Ariosa Coffee

is cleaned, roasted and packaged by machinery without the touch of a hand. A machine, constructed in our own shops packs the coffee, weighs it, wraps it, and seals the wrapper automatically. It reaches the cup the cleanest, most wholesome and cheapest good coffee in the world.

Wednesday, August 14th, will be "Tickler Day" at the park. Thursday, August 15th, Italian Day.

$500--FOR A GUESS--$500.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here's where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

CHASED OUT OF TOWN.

Ill feeling toward negroes which has been brewing since last Friday night, when John T. Maddux, an aged white man, was assaulted by a negro, culminated in a race riot at Hillsboro Ill., last Wednesday night and the majority of negroes were chased out of town. Negroes and white citizens fought in the streets for hours. Finally most of the negroes fled and order was restored. C. D. Fry, who has a contract for paving work and employs negroes, insisted that his employes be protected, but to no effect.

Yesterday Fry went to St. Louis, declaring he would procure other negro laborers. It is feared if he brings back a number of negro laborers that bloodshed will result, as anti-negro feeling is at high tension.

Rising from the Grave.

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at E. S. Leadbeater & Sons, druggists. Price only 50c.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act June 30th, 1906. Serial number 1098.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, AUG. 9, 1907.

DR. C. H. IRION, Health Officer of Louisiana, in a lecture in New Orleans recently, said that 90 per cent. of crime in the world was due to bad cooking; that not one in a hundred mothers knew how to care for a child properly, and that 75 per cent. of infants who died under five years of age expire from preventable diseases. He said that women should pass an examination before marrying. That bad cooking superinduces a propensity to commit crime may be controverted, but that it is the cause of more or less bad humor is indisputable. The art of skillful cooking is doubtless born in some, and such require but little apprenticeship, while others experience difficulty in acquiring it. The preparation of inviting dishes requires considerable thought, time and often labor, and the reason such are often presented in an unsavory condition is probably due to the fact that the cook is not disposed to give proper care to his or her culinary duties. The table should also be set in a tasteful manner, viands placed in proper dishes and, if possible, a bunch of flowers should appear in the centre of the board, as this will add considerably to the surroundings. It is believed by some that bad cooking is productive of the whisky-drinking on the part of the laboring classes, who become disgusted with their humble bill of fare when presented in a half-cooked manner.

REV. DR. MAURICE P. FIKES, pastor of the First Baptist Church, in Franklin, Pa., wants what he terms "a twentieth century church." He recently said he would just as soon hear the click of billiard balls in a church building as the reading of the Bible, provided it won a man to the cause of Christianity. Dr. Fikes further stated:

The church that would win men these days must be up and doing; must keep pace with the world. I do not say that the church should give men and women all of the pastimes and pleasures that the world does, but it should offer them as many as possible of those things that do not run counter to Christianity. I know the idea of a billiard parlor on church property is shocking to graybearded deacons and trustees, but they must come to it if they expect the church to continue in usefulness among those that needs it influence most.

The percentage of male attendants at churches has been gradually decreasing for years, the bulk of the congregations being composed of females. Pastors have resorted to many means to interest the masculine gender in spiritual themes. Features savoring of the world are often introduced, but the decline in attendance continues all the same and Mr. Fikes' billiard parlor would eventually fail to attract when other churches in the competition now in vogue shall have adopted more drawing cards.

ACCORDING to a dispatch from Millrift, Pa., rattlesnake bites will cure cancer. It is said that Mrs. Wilhelmina Ludwig has been a sufferer from cancer, on her left leg, just above the knee, for a long time. The sufferer had given up all hope, and was resigned to her fate, which she was confident would end her life soon. Two weeks ago while out picking huckleberries on the hills near her farm, she was bitten by two rattlesnakes. Her nephew, who accompanied her, killed the reptiles, a male and female. It took three hours to get a physician. In the meantime the woman's leg had swollen to an enormous size. A remarkable thing about the case was that the swelling did not go above the spot where the cancer was located. On the fifth day the snake poison had worked all through the cancer, the swelling disappeared and the heretofore ugly-looking cancer began to heal, and now Mrs. Ludwig regards herself as almost cured.

IN CONNECTION with the announcement of his theory that the cultivation of a taste for candy is the best means of guarding against an appetite for alcohol, Dr. A. C. Abbott, chief of the Bureau of Health, of Philadelphia, does not disguise his opinion that American men are becoming more temperate and that American women show an increasing fondness for liquor. The men, he thinks, are influenced by business conditions, and remarks that with the falling off in their consumption of strong drink there has been a surprising increase in the demand for candy by the stronger sex. Just why women should be buying less candy he does not know. It has for a long time been the opinion of some that a man or woman having a "sweet tooth" seldom has an appetite for strong drink.

CONDITIONS in Morocco are said to be causing considerable unrest in Europe. The bombardment by French ships of Casablanca and the incidental destruction of mosques, it is believed, will precipitate what Mahometans term a holy war. An agitation for the extermination of unbelievers in the Mahometan faith has stirred the Hill tribes into revolt. Quiet, it is said, has been restored in Casablanca, but outside the city the revolt is spreading and the situation is alarming. Fanatics continue to preach for holy war. Under the Algeciras convention France and Spain are jointly responsible for the preservation of order in the Moroccan seaports.

PROF. F. E. JAFFA, connected with the University of California for 30 years, says, in a bulletin just prepared for the United States Department of Agriculture, that 10 cents' worth of peanuts contains more than twice the protein and six times the amount of energy contained in a porterhouse steak. These conclusions were drawn after exhaustive experiments with students and others as subjects. The above will be read with interest at this time when porterhouse steaks can only be afforded by the opulent. The great mass of humanity, however, can occasionally invest in a pint of peanuts.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, Aug. 9.

Representing the southern view of the current controversy on railroad matters between the State and Federal governments, Hon. James M. Griggs, of Georgia, chairman of the democratic congressional committee, has prepared a discussion of the subject for the United Press. Among other things he says: "There is no more reason for federal interference in the regulation of railroads by the States now than during the life of the first Interstate Commerce law. The Hepburn law does not anywhere disregard the rights of the States, but on the other hand carefully refrains from doing so. Why a United States judge should feel empowered by this law to enter into all the States of the union and nullify regulations made solely to cover and control transportation within the States is beyond the ken of those who believe in the constitution. The reason for this can be found only in the evident desire and intention of the judges of United States courts to extend heir jurisdiction to the farthest limit possible. Even the administration, admittedly not a State rights one, yielded on this point in the North Carolina contest, and, in my opinion, it will yield completely when the Supreme Court gets through with the cases about to come before it. The States in convention created the United States, and unequivocally reserved to themselves all rights not granted in the constitution to their creature, the United States. The Hepburn bill is a most excellent law and there was no intention on the part of Congress to do more than strengthen the commission, enabling it to control rates and prevent discriminations. This it is doing well, and time will but improve conditions. It was never intended by anybody to wipe out State lines and emasculate the powers reserved by the States to control commerce within their limits. The union and the States will continue to walk down the ages hand in hand, the one exercising its granted powers and the other their reserved powers, in complete harmony. The railroads and other corporations must know and recognize this.

Cannon for President and Hughes for Vice President. This is the slate the Cannon boomers want to have adopted at the republican national convention. Mr. Cannon is agreeable so far as the first place on the ticket is concerned. He also likes the idea of having New York's governor as his running mate. Governor Hughes is said to think kindly of the arrangement. The question as to whether he would accept second place with Mr. Cannon was propounded to the Governor by Representative Sherman, one of the republican powers in the House and chairman of the republican congressional committee Acting with Representatives Sherman who is a red-hot Cannon boomer, was former Representative Littaeur, of New York, who retired from Congress in March, and who is also a staunch friend and admirer of the Speaker. According to information reaching here, the Governor made a favorable reply. The call of the two New York politicians upon the governor followed closely after Speaker Cannon's return trip to Albany. In laying the matter before the Governor, Sherman put stress upon the fact that Mr. Cannon will be satisfied with one term as President, and argued that being Vice President would place Governor Hughes near the highest honor in the land when the campaign of 1912 arrives.

Robert Barker, the lost child, was found between Rock Creek Park and Camp Good Will by one of the soldiers from Fort Myer this evening at 1 o'clock. His condition is not serious and physicians who have taken charge of him say he will recover from the exposure since Wednesday afternoon.

Today's treasury statement is: Receipts, $2,356,369; expenditures, $1,910,000.

President Samuel Gompers, of the American Federation of Labor, left Atlantic City last night for Chicago, where, it is expected, he will lend his aid in the telegraphers' strike. He will also visit the Michigan iron ore fields for the purpose of going over the situation there.

DROWNED BY CATFISH.

Dragged into Little river by a great catfish that had swallowed her hook Mrs. Thomas Ryan, of Valdosta, Ga., became entangled in the stout line and was drowned yesterday. She had been married but a short time, and accompanied a party of young matrons to Little river for a day's fishing. She was sitting on the edge of the river bank, line in hand. The hook was seized by a catfish. The fish made off with such suddenness that she was jerked into the river and carried under. She came to the surface once, but had evidently become entangled in the line and was jerked under again. The fish had not been able to escape, for it was found at the other end of the line. It weighed more than forty pounds.

REQUEST RESIGNATIONS.

A dispatch from Newport News says that fifteen members of the Huntington Rifles, Company C, Seventy-first Infantry, have addressed letters to Capt. C. C. Moore and First Lieut. C. W. Franklin requesting that these officers tender their resignation on or before next Wednesday night. Capt. Moore says that he had written his resignation and was prepared to send it to the Governor because his business demanded all his attention, but that he did not propose to resign since the situation had taken such a turn. There is a great deal of discontent in the company and the men talk of preferring serious charges in event the officers named do not resign.

News of the Day.

In a rear-end collission between two fast Reading freight trains at Barnesville, Pa., today Flagman Warner, of Tmaqua, was killed.

Rescues of ten persons from watery graves and the death of two were recorded yesterday in dispatches from the summer resorts about Milwaukee.

About 150 men, principally bricklayers and carpenters, went on strike in Washington yesterday in obedience to the calls of the business agents of the various locals, who acted under instructions to enforce the general mandate against the open shop.

Four trainmen were killed and three seriously injured in a head-on collision between freight trains on the Western and Atlantic Railroad, one mile north of Dalton, Ga., yesterday. It is said that the collision was caused by the failure of one of the trains crew to read its orders.

A boat accident on the river Pregel at Konigsberg, Prussia, yesterday, resulted in the drowning of nine men, all members of the engineer corps of the army. The boat, with seventeen engineers abroad, was being towed by a steamer when it turned over. Eight succeeded in reaching the shore.

One dead and four dying is the result of a family party eating toadstools for mushrooms at Deep Valley, W. Va. Dr. Dismore, who died from eating the toadstools, gathered what he thought were mushrooms Sunday, and the family partook heartily of them. They became sick shortly afterward, the doctor dying yesterday morning. The others are unconscious.

It developed in Pittsburg yesterday that G. W. Delamater, former candidate for Governor of Pennsylvania, who committed suicide by shooting himself Wednesday, carried life insurance to the extent of $95,000, all of which was payable to his wife. There was a suicide clause in each of the policies, but as he had outlived the period covered by this clause the money will be paid to the widow.

Infatuation for Iris Hoey, an actress, led Shirley Falcke, eighteen years old, son of a wealthy stock broker of Chicago, to attempt suicide in London yesterday by shooting while riding in a hansom cab with the girl, from whom he was about to be separated—almost a duplication of the tragedy when Caesar Young, acording to the famous murder case defense, killed himself while riding in a hansom cab with Nan Patterson, a New York actress.

Laurence Gilkinson, of New York, and Miss Adelaide Madeline Rivers, of Boston, both summer boarders at Hamburg, Conn., were drowned last night in the Hamburg Cove while boating on Eight Mile river, a branch of the Connecticut. They were in a small rowboat. Gilkinson's hat went overboard, and Miss Rivers, in reaching for it, lost her balance and fell into the water. Gilkinson attempted her rescue but both went down in thirty feet of water.

A down-town bank robbery was reported to the Pittsburg Pa., police yesterday and the name of the bank is being concealed. Notice has been sent all over the country that coupon notes of the Westinghouse Electric and Manufacturing Company to the amount of many thousands had been stolen, and the public is warned not to buy. The numbers of the missing notes have been sent to every banking house of importance in the country and to all police heads. Two detective bureaus, as well as the local police, are at work on the theft.

While an Italian workman, employed on the reservation at West Point, N. Y., was getting a pail of water at an isolated spring yesterday, he was set upon by two Italians, who beat him into insensibility and robbed him of his money and watch. The matter was referred to the quartermaster, who turned out a guard of soldiers to search for the robbers, but they escaped into the woods. Later, the two Italians were caught by some of their own countrymen, who also joined in the search, and one of the two was promptly strung up to a tree in the woods.

Alleging that she was almost completely disrobed by a live wire, Mrs. Maud S. Orr, prominent in Atlanta, has sued the Georgia Railway and Electric Company for $10,000 damages. Mrs. Orr was shopping in Atlanta when the broken end of a guy wire, which had been charged in some way, touched her feet. The current tore off her belt and other portions of her attire, until she stood almost nude in the crowded street. In addition to the humiliation caused by her clothing being stripped from her in public, Mrs. Orr alleges that the shock also caused serious physical injuries.

Pinned beneath a locomotive, Charles Shudley, a brakeman on the New York, New Haven and Hartford Railroad, suffered the amputation of a leg before he could be extricated from under the engine, which had run over him in the railroad yards in New York, yesterday. The operation was performed by an ambulance surgeon without the use of anesthetics, and frequently Shudley gave suggestions to the surgeon during the operation. When the operation was completed and he was extricated from his perilous position he was taken to a hospital, where it is said he may recover.

THE TRUNK MYSTERY.

The finding of the dismembered body of a woman at Marseilles, France, August 6, in the baggage of two travelers, who were first referred to as Mr. and Mrs. Goold, but who have been identified as persons who were known in Marseilles as "Sir Vere and Lady Goold," has created a sensation there, where the parties were regarded as people of leisure and respectability.

The police say the investigation indicates that the woman, whose name has now been definitely established as Emma Levin, was murdered by the Goolds. Jewels believed to have belonged to the victim were found in the female prisoner's hand satchel.

Sir Vere and Lady Goold formerly lived in Montreal. They arrived in Montreal from England about ten years ago. The man, who was known as Vere Thomas St. Leger Goold, was in the millinery business and his wife conducted a fashionable dressmaking establishment, in which she made considerable money. They returned to Europe about three years ago. Goold asserted he succeeded to a title by the death of his brother, Sir James Goold, but it is stated that the latter is still alive in Australia.

Virginia News.

David Shirkey died at his home at Linville, Rockingham county, Wednesday, of old age. He was ninety-three years old.

The Jamestown Exposition is declared to be practically complete in a statement issued yesterday by Director General James M. Barr, who also asks for the project the support of the country at large.

James R. Hussey, a farmer, living near Harrisonburg, was overcome by heat yesterday while at work in his cornfield. A blood vessel burst and he expired before he could be carried to his house. The deceased was in his 72d year.

The infant child of Levy D. Harris, of Keokee, Lee county, was scalded Wednesday by the stove falling down and the hot water pouring into the cradle, where the child was sleeping. The babe died shortly afterwards from the scalds.

Governor Swanson has issued 1,500 invitations to the reception to be given in the Virginia building of the exposition to Governor Glenn, of North Carolina, on the night of August 14. Governor Guild, of Massachusetts, will not be able to be present.

Rev. Dr. George H. Spooner, pastor of the Broad Street Methodist Church, Richmond, is suffering from a broken arm as the result of attempting to pitch in an amateur baseball contest Wednesday afternoon. Dr. Spooner was throwing the ball with an underhand twist.

Stanley Lodge, the six months old child of Ernest M. Moore, of Ettrick, Chesterfield county, was found smothered to death by his mother a night or two ago. The little one had rolled to the side of the bed and been caught between the wall of the room and the edge of the mattress.

Messrs. Davis and Davis, Washington patent attorneys, report the grant, this week, to citizens of this State, of the following patents. C. P. Breeze, Norfolk, electric controlling system and electric car controlling system; Thos. J. King, Richmond, combined weeder and harrow; L. W. Showalter, Dale Enterprise, machine for weaving wire fences.

Rev. A. C. Green, colored, was indicted in the Circuit Court of York county yesterday for burning the First Baptist Church, of Yorktown, about two two months ago. Green has been pastor of the church for about three years, when he was haled before the deacons for improper conduct and expelled. Several days afterwards the church was burned to the ground,

MARYLAND DEMOCRATS.

After being in session all day yesterday the democratic convention in Baltimore last night cast aside Henry Williams, of Baltimore, and Joseph D. Baker, of Frederick, and nominated a dark horse, Judge Austin Lane Crothers, of Cecil county, for Governor, who had not been mentioned in the contest until late Wednesday.

The other candidates nominated are; For Comptroller, Dr. Herman S. Hering, of Carroll county; for Attorney General, Isaac L. Straus, of Baltimore city; for Clerk of the Court of Appeals, C. C. Magruder, of Prince George's county.

The following are extracts from the platform: The democrats of Maryland base their claims to support in the coming fall campaign in that State upon two planks—direct nomination of United States Senators by the qualified voters in primaries and the promise to constitutionally eliminate the negro vote.

It is made obligatory upon each democratic member of the legislature to vote for the man receiving the largest vote in the legislator's respective district.

The convention reaffirms the declaration of the party platform of 1903 for negro disfranchisement, and proclaims the "resolute purpose of the democracy, by all lawful and constitutional means, to maintain the political supremacy of our race."

The definite promise is made for the party that it will submit to the people "at the earliest possible time" an amendment to the State constitution "which, while entirely within the provisions of the fourteenth and fifteenth amendments of the constitution of the United States," shall eliminate the negro voter, and yet protect the right of white, native-born, and naturalized citizens, and meet the objections which have defeated former efforts at negro disfranchisement in Maryland.

MURDER AND SUICIDE.

T. J. Wingfield, aged thirty-five, yesterday shot and killed his wife, Hepsie Wingfield, aged twenty-five, and then committed suicide by cutting his throat in Roanoke, Va. The double tragedy was enacted in the home of the Wingfields, in north Roanoke. The couple moved there ten day ago from Hagerstown, Md. They quarreled on an upstairs porch, and, after going into the dining-room, Wingfield fired two bullets through his wife's head.

He carried the dead body in his arms to a bedroom, placed it on the bed, stood over the corpse and cut his throat, his body falling to the floor. Both died instantly.

Wingfield left a note, dated yesterday, in which he alleged that C. W. Turner, of Roanoke, a railway fireman, had invaded his home, and declared that he would rather kill his wife and himself than lose her affection. He made a request that both bodies be buried in the same coffin, and that his wife's head rest on his breast.

Wingfield leaves two children by a former wife, who lives in Charlottesville, with Wingfield's parents.

Wingfield was arrested several days ago on a warrant sworn out by Turner, charging him with threats against the latter's life. It is alleged that Wingfield told Turner two days ago that he was going to kill him, and that he had in his possession five letters written by Turner to Mrs. Wingfield before her marriage four years ago, when she was Miss Hepsie Wimmer. Her mother lives in Roanoke.

Wingfield had been a railroad man at Hagerstown and Cumberland, Md., but had not been at work since removing to Roanoke. He filed a suit Wednesday for divorce from his wife.

A Valuable Lesson.

"Six years ago I learned a valuable lesson," writes John Pleasant, of Magnolia, Ind. "I then began taking Dr. King's New Life Pills, and the longer I take them the better I find them." They please everybody. Guaranteey at E. S. Leadbeater & Sons, druggists. 25c.

Today's Telegraphic News.

The Striking Telegraphers.

Chicago, Aug. 9.—In response to a hurry call from the Western Union officials an extra detail of fifty policemen has been rushed to the company's building. It had been reported that a plot had been discovered to blow up the company's switchboard. Police lines are sharply drawn and every precaution is being taken to protect the wires and switches. Officers are patroling short beats in the basement of the building where the batteries are stored. Thousands of wires exposed to danger are watched by armed officers ready to shoot any striker approaching them. But fifteen men are at the keys.

All branch offices have been closed and the strike is spreading through the suburbs.

"We expect a general strike," declared General Superintendent Cook of the Western Union at 9:30 o'clock today. Our operators were all offered the alternative this morning of handling business coming from Los Angeles and most of them struck. We immediately closed our branch offices and brought in operators from the suburbs.

"All messages will be handled from the central office until further notice. At present we are not seriously embarrassed. There are enough chief operators and superintendents to handle the business that has come in. We are employing operators as fast as we can get them regardless of their union or non-union procilivities."

New York, Aug. 9.—It was announced today at the headquarters of the local telegraphers' union that no meeting of the executive committe or the board of strategy had been called and that no conference had been held or asked for with the Western Union officials. As far as the union is officially concerned here, it has no knowledge of the Chicago strike. Among the members of the union there is some talk of trouble resulting if the company puts strike breakers at work in the Chicago offices. In that event, it is said, the union men here would refuse to handle Chicago business.

Railroad operators who are members of the Order of Railway Telegraphers are pulling out their Western Union plugs as fast as they hear of the strike.

This prevents the company from getting service over the wires owned by the railroad companies.

At 9:30 a mass meeting of the strikers was held in the open board of trade building. A hundred policemen surrounded the building and watched the gathering of 1,500 operators. The men were driven off the sidewalks to prevent rioting.

The ticker companies are out of service. Brokerage offices which depended npon tickers were unable to transact business. Telephones are being used, but they are not satisfactory, and clients have ceased buying. The brokers controlling leased wires are able to conduct business without interruption.

The mass meeting of operators held today unanimously approved of the strike.

Chicago, Aug. 9.—At three o'clock this evening the Postal operators will be called out if the demand of the operators to be framed and presented to the company are not met. The executive committee of the Commercial Union will meet at 1 p. m. to draw up these demands.

Chicago, Aug. 9.—At the mass meeting of operators this afternoon, President Perham, of the Order of Railway Telegraphers, aroused enthusiasm by pledging any part of the reserve fund of $1,000,000 of his organization to support the local strikers.

San Francisco, Aug. 9.—It is the current report about the office of the Western Union here that the men will be called out at noon. The headquarters of the union are crowded with excited telegraphers all advocating a strike. President Small declines to make any statement. Reports from Los Angeles say the situation is unchanged there.

Kansas City, Mo., Aug. 9.—Operators of the Western Union here have notified the officials that they would walk out at one o'clock unless the Chicago wire is discontinued. The men have refused to send Chicago messages all day, so the company had two women on the wire.

Kansas City, Mo., Aug. 9.—All Western Union operators here struck at one o'clock.

Helena, Mont., Aug. 9.—In sympathy of Western Union operators at Chicago and Los Angeles, the Western Union operators here went out today.

The New Rate Law.

Raleigh, N. C., Aug. 9.—With the new railway passenger rate law in effect throughout the State for 24 hours, a big increase has already occurred in the volume of travel. Railroad managers say this means simply an increased loss, 2½ cents being less than the cost of transportation. The State officials deny this, asserting that the railroads will make more money than ever.

Though the new rate took effect early yesterday the increase in business has amounted to nearly 25 per cent. The 2 1-4 cents rate is, of course, ineffective outside the State line, and passengers beyond can only buy tickets to the North Carolina border where the old 3½ cent rate is still charged.

Raleigh, N. C., Aug. 9.—Despite the fact that there was no conference today between Governor Glenn and the State Corporation Commission with the traffic chiefs of the five big railway systems, there will be no renewal of the railway fight on the part of the State for the immediate present. Governor Glenn will give the railways another chance to come to an agreement on the subject of alleged freight rate discriminations before resorting to extreme measures.

The governor called the conference set for today off after being notified that Traffic Manager Devant of the Norfolk and Western and the traffic manager of the Seaboard Air Line could not attend.

Meanwhile the corporation commission has begun an investigation of complaints of merchants and shippers against the railroads.

Destruction of Automobiles.

New York, Aug. 9.—Ninety thousand dollars worth of automobiles were destroyed by fire early today in the Automobile Manufacturing Company's establishment, a garage conducted by Lack Brothers, in Brooklyn.

Massacre of Dutch Soldiers.

Amsterdam, Holland, Aug. 9.—A massacre of Dutch soldiers has occurred in Dutch Indies. It is said forty-eight infantrymen were killed in the Morlo district of the island of Celebes.

Holy War Declared.

Tangier, Morocco, Aug. 9.—The holy war in Morocco has broken out with full force. Today Tangier was attacked. From this city to Cape Nun along the entire western coast the Moors are in arms determined to drive out every foreigner. In the interior the agitation is speaking rapidly. Tribes from the furthermost corners of Morocco are sending their fighting men to join the Moors.

Fresh fighting has occurred at Casablanca, Rabat and Mehediah. Mogador and Cape Nun are threatened with immediate attack. Foreigners everywhere are fleeing to vessels in the harbors for safety. At Cape Jubi, just across the Moroccan border, Moors attacked and raided the town after surprising the garrison. Every man was killed or captured.

The attack on Tangier began at daylight with heavy firing. So far no attempt has been made to invade the city. Thousands of armed Moors are gathered outside the city, and it is feared a charge may be made at any moment.

Every foreigner in the city who is free to leave has boarded some ship. Those who cannot leave have armed themselves for desperate resistance. The horrible fate of foreigners who fell into the hands of Moors at Casablanca has nerved every one to avoid capture even at the price of suicide.

Arms and ammunition are being distributed by the consuls to all Europeans. Men are being hurriedly assigned to the points of defense.

Against the general uprising there is a pitiably small force of soldiers or sailors with which to contend. Some of the towns further south are absolutely without defenders, and there are no ships to take them off. It is feared all such hapless persons will fall victims to the natives.

A force of 6,000 Moorish mounted men today attempted to rush the town and were only repulsed after a hard fight.

The attack on Cape Jubi was a surprise. The garrison was easily overpowered and the natives gave themselves up to the sack of the town. The governor made his escape to Lurteventura Island, directly opposite, in a small boat.

A new danger has been injected into the situation by this action; as it is inferred the uprising may spread to other countries.

Only meagre reports have came from cities to the south. They tell of cities surrounded by the Moors who are apparently waiting some signal for the attack.

Frightful atrocities were practiced by the natives who raided the Jewish interior of Casablanca. The traces of the slaughter were still to be seen when the French soldiers recovered possession of that part of the city. Stories of the happenings there have spread broadcast and have incited the natives throughout the country to join the uprising and plan attacks on other cities in the hope of looting them.

Rear-end Collision.

Chesterton, Ind., Aug. 9.—Two men, Engineer Downey and Conductor Schultz, both of Elkhart, were seriously injured and a score of passengers received slight bruises and suffered from shock early today when the west bound Twentieth Century on the Lake Shore crashed into a rear half of a fast freight which had cut in two and was standing on the main track. The passenger engine and the rear end of the freight were demolished. Three of the coaches left the track, careened dangerously and then righted. The track was torn up and littered with wreckage and traffic was delayed several hours.

Assassination in Servia.

Vienna, Austria, Aug. 9.—An epidemic of assassination is sweeping across Servia. Hardly a day goes by but what some political murder is committed. News of the murders, however, is being carefully kept away from the outside world. The latest victim is said to have been Rista Popewitsch, leader of the national party in Servia. Little or no effort is being made to check the epidemic of slaying and no political leader is safe in Servia.

Standard Oil Stock.

New York, Aug. 9.—Standard oil stock broke 17 points on the curb to 466, the lowest mark touched in many years. It opened three points above last night's closing, but quickly reacted. The stock is now offered at 415 with no bid. Such a situation at any previous prices is not recalled by any of the present dealers on the curb.

Explosion in Powder Mill.

Mahanoy City, Pa., Aug. 9.—The Shenandoah Powder Works at Kerbe station blew up early today destroying the entire plant, including a half dozen buildings. The cause of the explosion is unexplained. The buildings contained many tons of powder and the explosion shattered window panes in nearby villages.

Durgged, Assaulted and Robbed.

New York, Aug. 9.—A well-dressed man said to be Arthur Lee, was found drugged, beaten, robbed and lying on the sidewalk on west Twenty-ninth street early today. He was unconscious when taken to the hospital, where he is said to live with his mother who is ill. They are relatives of the Lees of Virginia, it is said.

Writ of Error Granted.

Chicago, Aug. 9.—The Standard Oil Company of Indiana won a big victory over the government today when Judge Grosscup, of the United States Circuit Court, granted it a writ of error. This means that the case in which Judge Landis fined the oil trust $29,240,000 will be taken to the United States Court of Appeals.

Fire in a Laundry.

Philadelphia, Pa., Aug. 9.—An explosion in the laundry of the womens department of Kirkbridge Insane Asylum setfire to that institution this afternoon. There are 1,200 inmates in this department.

New York Stock Market.

New York, Aug. 9—After a show of steadiness at the opening the market became weak and nervous. Renewed bear attacks and a resumption of liquidation caused a sudden decline after the first sale on which the leading stocks lost from 1 to 1½ points. The situation then again became steady.

Mike McDonald, Chicago's famous gambler and ex-political boss, died shortly before 1 o'clock today.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by E. S. Leadbeater & Sons.

PEACE IN ALABAMA.

All is peace with the State of Alabama and the Southern Railway.

An agreement was reached at Montgomery last night by which the revoked license of the company will be restored, in return for which the railroad will respect the recent acts of the legislature providing for 2 1-4 cent passenger rates and published rates on 110 commodities of general use in the State. The State having been enjoined from enforcing the laws by order of the federal court, an order will be made suspending the restraint to allow the agreement to hold. The agreement is pending the final adjustment of the cases now pending in the federal court. The history of the case is that Senate bill 36 provides that any corporation moving suit from a State to a federal court thereby forfeits license to do business in the State. The Southern removed a case July 30, and the license was at once revoked. The agreement restores the status of the corporation in the State. The State secures much more than any one ever expected. The result will be a marked reduction in the freight rate of the State. The railroad took the position that it was best to compromise and save trouble.

The new passenger rate of of 2½ cents a mile went into effect yesterday in North Carolina. Tickets from points outside the State are sold at the old rate of 3½ cents a mile, as it is claimed that it is necessary to do this in order not to discriminate in favor of North Carolina and against other States having a higher rate and upset tariffs. In order to get around this old rate in buying a ticket from points in the State to points outside, it is necessary to buy tickets to the State boundard line, and pay fare on the train for the remaining distance. Passengers are notified, however, that fares collected on trains are at a higher rate. The new rate does away with second-class passage. The new rate will force the railways to discontinue some of their trains, but a strong effort will be made to induce the railways not to cut off any trains for the present, until the new rate is given a thorough test. Gov. Glenn's counsel for the State maintain that with the inauguration of the new rate law the railways in the State will not have enough passenger cars to carry passengers, owing to the heavy increase in passenger traffic. Gov. Glenn says that he will call a special session of the legislature for the purpose of giving the railways relief if they find the new rates to be burdensome for them.

Terrible Accident.

Burlington, N. J., August, 9.—Plunged feet-foremost into a tank of boiling tar, John Antonio, a foundryman, was terribly burned at the United States Cast Iron Pipe and Foundry Company's plant, at East Burlington yesterday. While working about the tank in which the big pipes were being dipped he in some manner stumbled into the fiery liquid. As he fell he clutched the side of the tank, preventing his head from being submerged, and saving him from instant death. Fellow-workmen hurriedly fished the suffering man from the tank, dripping from his feet to his neck with a sticky coat of hot tar. The fact that the boiling liquid was thicker than water prevented it from penetrating his clothing, but his flesh was literally baked on his body and came off in strips when his clothes were removed. The nails also fell out of his fingers and toes. The burned man became delirious, and his terrible cries of agony nearly caused a panic among the hundreds of other foreign laborers at the foundry. Doctors say that there is a bare chance for saving his life by placing him in a salt bath for 72 hours, whereby it is possible that new skin may form.

REAL ESTATE.

M. B. HARLOW & CO., INC.,
119 S. Fairfax St.

Real Estate in Alexandria and Vicinity.

Now is the time to purchase. You'll never be able to get any for less money; you'll never be able to get property which will increase more in value. The rich men of the world are those who have snapped up just such opportunities as these. Do you want to be rich? If you have any hankering in this direction suppose you have a talk with us. It won't cost anything. Talking's free.

Renting.

We take all worry off you shoulders and manage the renting of your houses, collecting of rents as conscientiously as you would yourself. We keep down expenses, and yet see that the houses are always in good condition. Our charges are very reasonable.

Fire Insurance.

Today. That's the word and a word to the wise is sufficient. Your house may burn tomorrow. Let us quote you rates. The companies we represent are the best in the U. S. and they have never turned down an honest claim.

Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 5:07 a. m. and sets at 7:03 p. m. High water at 8:27 a. m. and 8:55 p. m.

Weather Probabilities.

For this section rain this afternoon and possibly tonight; cooler. Saturday partly cloudy and warmer; light to fresh northeasterly winds.

WILL BE TRIED HERE.

City Sergeant R. H. Cox and Commonwealth's Attorney Samuel G. Brent, who went to Norfolk Wednesday evening to take in custody Capt. Hickman, of the tug Margaret, who was detained in that city on a warrant issued by the Alexandria authorities charging him with larceny, returned this morning. It was stated that Capt. Hickman was arraigned before Judge Hanckel of the Corporation Court of Norfolk and gave bond in the sum of $4,000 for his appearance in this city August 28, when he will be given a preliminary hearing on a charge of conveying from this port a cargo of ties against which attachments were pending. Capt. Hickman was represented by three attorneys. He stated, it is said, that he was under the impression when he left this port, having in tow the barge, that all the attachments pending against the cargo of the barge had been satisfied.

Commonwealth's Attorney Brent stated this morning that the New York authorities have been notified to release Capt. L. E. Tynes, captain of the barge, who, it is stated, was being held in that city. Mr. Williams, one of the attorneys representing Capt. Hickman, gave Mr. Brent his personal word that he would produce Capt. Tynes in court when wanted. It is generally believed that the case will be satisfactorily settled without going into a trial.

THE DOG WAGON.

The dog wagon made its initial appearance on the streets last evening, but only two canines were captured. The wagon started out this morning, and before noon about twenty dogs had been captured. The dogs were conveyed to the yard of the city jail where they will be kept for a period of forty-eight hours, and in the event their owners fail to claim them they will be conveyed to the pound and killed. The wagon this morning was the center of attraction wherever it appeared. It carried all specimens of dogs, from the worthless cur to the better class of animals. The wagon was in charge of John Penn, Frank Wilkins and James Lucas. One of the men drives the wagon while the other two upon seeing an unmuzzled dog take a big net suspended from an iron ring, hoop like shape, with a long handle attached and capture the luckless brute. Judging from this morning's haul it is evident that the majority of the worthless canines roam the streets by day instead of night. The wagon has an ordinary piece of wire netting attached to the top in order to give the dogs plenty of air. It is regarded as more than probable that the majority of those owning dogs—that is those who place any value on their animals—will either keep them indoors or comply with the law. As stated in yesterday's Gazette, dogs whether muzzled or not, accompanied by their owner, will be free from molestation.

RAID ON GAMBLERS.

About $1,000 worth of gaming devices were seized and destroyed by fire by the Alexandria county officials at Jackson City last night.

Slot machines, roulette, chuck a-luck, and divers gambling devices, some of them hid in the weeds, and some captured before they could be hidden, all went up in smoke before the eyes of the five men whom the authorities took in the raid.

Sheriff W. H. Palmer, accompanied by deputy H. B. Fields and Jailer Collins, made the raid. They arrested the man who presided over the slot machine, and held three others as witnesses in cases charging the selling of liquor without a license.

The men were later taken before Justice J. E. Supplee, who fined Henry Clayton, proprietor of the slot machine, $100 and in default of payment he was sent to jail.

RATES RECTIFIED.

At a meeting of the board of directors of the Chamber of Commerce, held last evening, Secretary J. T. Preston announced that the alleged discrimination on the part of various railroad companies transporting syrups between New York, Philadelphia and this city had been rectified. It is stated that the railroad companies gave Richmond and Fredericksburg a rate of 65 cents a barrel, while Alexandria merchants were compelled to pay $1.36½ a barrel on quantities of less than carload lots from the above named points. It was stated that commencing September 1 the rate on syrups from New York and Philadelphia in less than carload lots will be 75 cents per barrel, and the same rate will also be charged Richmond and Fredericksburg merchants. This rate will enable Alexandria merchants to compete with the merchants of the cities mentioned above.

HELD FOR TRIAL.

Fannie Brooks, colored, charged with assaulting and beating Jennie Robinson, also colored, was today released on bond in the sum of $100 for her appearance in the Police Court the 19th of this month. The women engaged in a fight aboard the steamer Jane Mosely last night on the return trip of the steamer from Somerset Beach, and it is alleged that the Brooks woman used a knife on the Robinson woman. The Robinson woman was unable to appear in court this morning when the case was called for trial. The above action was taken by Justice Caton following a conference with Judge Barley.

DISMISSED WITH A REPRIMAND.

Three young men and a young woman were charged in the Police Court this morning with disorderly conduct in the vicinity of the Stone Bridge last night. Justice Caton warned all parties that in the event they were again brought before him he would impose a fine. He also informed the parties that it is unlawful to loiter in crowds at any point. Considerable complaint has recently been made to the police concerning crowds of men and boys who make that point their loafing place, and it is the intention of the police to break up these gatherings.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Edward Bryant, colored, charged with interfering with an officer in the discharge of his duty, was dismissed.

Three young men and a young woman, charged with disorderly conduct, were dismissed with a reprimand.

Willis Pettit, charged with disorderly conduct, was dismissed.

A white man, charged with drunkenness, was dismissed.

Maria Knight, colored, charged with assaulting and beating Susan Tate, colored, was fined $5.

Fannie Brooks, colored, charged with assaulting and beating Jennie Robinson, had her case continued.

Bessie Keys, colored, charged with keeping a dog without a license, was dismissed.

John Seth, colored, charged with assaulting Alfred Stanton colored, was fined $5.

A fine of $2 each was imposed for two horses, belonging to a citizen, which were found roaming the streets.

CUT IN FIGHT.

Following a crap game which took place several nights ago in Fayette alley, near the Strand, John Seth, colored, cut Alfred Stanton, also colored, on the left side of the face. According to a statement made by Seth, who was arraigned in the Police Court this morning, he used the knife following a dispute over five cents, although he claimed that Stanton attacked him first. Justice Caton fined the accused $5, and stated that he thought Staunton had been punished enough.

MEETING OF HORSEMEN.

A meeting of the gentlemen interested in the Alexandria Driving Association will be held at 6 o'clock this evening at the old St. Asaph race track when, it is stated, plans will be perfected for the establishment of a permanent organization. As stated before the parties interested are local horsemen who desire a place where they can test the speed of their animals without being molested. The old track has already been gotten into shape for the purpose for which it will be used.

FUNERAL.

The funeral of the late Mrs. Honora Harlow, widow of Michael Harlow, who died late Tuesday evening, took place this morning from St. Mary's Church and was attended by a number of relatives, friends and acquaintances of the deceased. The services were conducted by Rev. Father Kelly and the pallbearers were Messrs. John M., George A., William K., Edward A. and Leo P. Harlow, grandsons of the deceased, and Mr. James J. Shea, of Washington.

BASEBALL.

The Alexandria Athletic Association baseball team will cross bats tomorrow afternoon at 4:30 on the old fair grounds with the strong Dolphin team, of Baltimore. The Dolphins have not lost a game this season. Alexandria's line-up will be: Kraft and Donaldson, battery; Clements, Wilkerson, Robinson, Gray, Benzette, Pitts, Lucas and Ansley. An interesting game is promised all who attend. Ladies are cordially invited.

THE WEATHER.

The warm weather of yesterday continued throughout most of last night. At an early hour this morning clouds gathered in the north and west, from which lightning flashed with every indication of an approaching thunder storm. The clouds, however, failed to empty themselves on this city, but the wind changed to the northeast, bringing rain today and more pleasant conditions.

[COMMUNICATED.
A CONTRAST.

A prominent King street merchant yesterday afternoon called up the police station at 4:30 o'clock, requesting that an officer be sent at once to arrest a negro, in front of his place of business, who was using vile language, to the annoyance of everyone within hearing of his lusty voice. The disturbance lasted about twenty minutes, during which time a number of people waited anxiously for the arrival of one of "the finest," but in vain. Having exausted his vocabulary of cuss words, and being out of breath, the negro calmly took a train for Washington.

This morning a small and albine canine, at least six months old, was summarily dispatched by two brave boys in blue who are now receiving the heartfelt congratulations of a grateful and highly appreciative community. R.

Get a free sample of Dr. Shoop's "Health Coffee" at our store. If real coffee disturbs your Stomach, your Heart or Kidneys, then try this Clever Coffee imitation. Dr. Shoop has very closely matched Old Java and Mocha Coffee in flavor and taste, yet it has not a single grain of real Coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. Made in a minute. No tedious wait. You will surely like it. Sold by E. S. Leadbeater & Sons.

PERSONAL.

Miss Maude Murray, who has been visiting her sisters in Alexandria and Baltimore since getting back from the exposition, is expected home Saturday evening. Chas. L. Stoneburner and son Ed' left Tuesday for Alexandria, where they expect to find work with the railroad company. It is likely Mr. Stoneburner will be put in charge of the pumping station at that place.—[Edinburg Sentinel.

Miss Eula Starnell, of Alexandria, is visiting her aunt, Mrs. James Cline.—[Richmond News-Leader.

Mrs. M. C. Broadus and daughters left today to spend the remainder of the summer in Fauquier and Culpeper counties.

Mrs. M. R. O'Sullivan left yesterday accompanied by a party of friends from Washington to spend the remainder of the summer at the "Loudoun" in Bluemont, Virginia.

Miss Evelyn M. Padgett, of 1205 Prince street, is visiting her aunt, Mrs. E. B. Talbot, at Belvoir Farm, Va.

Mrs. Louisa Smith and her daughters, Effie and Emma, and her grandson, Courtney, have gone to Colonial Beach, where they will remain during the next week or ten days.

Miss Eva Talbott left this evening for "Silent Shade" farm, Fairfax county, where she will spend a week with her cousin, Miss Fannie Truax.

Miss Grace Ford is visiting Mrs. A. D. Montier, on south Lee street.

Miss Hallie Makely, of Alexandria, is visiting friends in Rileyville. She will be here several weeks.—Mrs. H. W. Kerrick and her daughter, Miss Viola, of Alexandria, are at Mr. G. F. Foster's, at Mountain View.—[Page Courier.

For an Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." Price, 25 cents. Samples free at Gibson & Timberman's and W. F. Creighton & Co's.

LOCAL BREVITIES.

A dog which was acting in a suspicious manner was killed at an early hour this morning on King street, between Columbus and Alfred, by Officer Lyles.

There was a slight fire at the power house of the Southern Railway in this city Wednesday, but the flames were extinguished without sounding an alarm.

The regular meeting of the Relief Hook and Ladder Company will be held tonight, when delegates will be chosen for the State Firemen's Convention, which convenes at Newport News August 27. After the meeting a crab feast will be held.

A marriage license was issued in Washington yesterday to Henry N. Hershberger, of Roanoke, and Tracie E. Gale, of Falls Church.

Mrs. Nettie Snyder, wife of Mr. Charles P. Snyder, and formerly of this city, died recently at Dayton, Ohio.

Mr. George F. Swift, in market, will receive from his father's farms in Maryland tomorrow a fine assortment of fresh, homegrown vegetables. These products have long held a reputation for their fine flavor and extra quality.

Messrs. G. E. Price and J. F. Cook will have for sale at their stand in the fish market tomorrow a fine variety of salt and fresh water fish, fresh and good. Sturgeon received direct from Norfolk three times a week. jy22 eotf

CONCEDES WILLIAMS' ELECTION

Official returns had not been received from four counties, in Mississippi yesterday, but both sides agreed to accept private figures. It was found Williams had 59,496 votes, to 58,848 for Vardaman. Gov. Vardaman sent a communication to the committee, in which he said:

"The democratic party, through its executive committee, has declared Mr. Williams the nominee, and I accept the arbitrament of that tribunal without a tinge of resentment or regret for anything done or said by my friends or me during the campaign. I am for the nominee, and hope he will make a great United States Senator. I have made the campaign upon living important and pertinent principles, and while I have lost the nomination, I am thoroughly convinced that the majority of the white democrats of this State agree with my views upon public questions, and I shall continue to fight for the principles as earnestly in the future as I have contended for them in the past."

Mr. Williams says: "I am grateful to my friends for their loyal support, especially that shown during the days when the result appeared in doubt. Later on I shall express myself more fully."

Noel and Brewer were declared leaders in the gubernatorial race, Scott having decided not to contest. The ticket was completed at a late hour last night, thus ending the most sensational political contest Mississippi ever experienced.

TELEGRAPHERS STRIKE.

Every operator on the night force of the Western Union Telegraph Company, in Chicago, at 12:01 this morning, gave up his key and struck.

After the clocks of the city had struck the hour of midnight not a single wire owned by the company was working, and between the West and Chicago not a single message was tranmitted.

Newspaper messages, with the exception of those received over some leased wires to Chicago were tied up; private and public telegrams remained in the office unsent and unreceived.

At the beginning of the work of the day shift this morning, every operator will follow the precedent of the night men, and the system from Chicago to the Pacific coast may be at a standstill.

The direct cause of the strike in Chicago was the refusal of operators working in the overland, or California division, to work with the Los Angeles office, where a strike is on which was brought about by the dismissal of Operator J. E. Ryan, of that office, for an alleged abusive remark, made over the wire, to Mrs. Sadie Nicols, in an Oakland (Cal.) office, who had worked during the late strike in Oakland and San Francisco.

The messenger boys in Chicago also struck, leaving the office completely tied up. The great sympathetic strike in Chicago is only the forerunner of a general strike.

Fire at an early hour this morning destroyed the entire plant of the A. D. Shotwell & Co, Tannery and Leather Factory, in Manchester, Va.

Hunting for Trouble,

"I've lived in California 20 years, and am still hunting for trouble in the way of burns, sores, wounds, boils, cuts, sprains, or a case of piles that Bucklen's Arnica Salve won't quickly cure," writes Charles Walters, of Alleghany, Sierra Co. No use hunting, Mr. Walters; it cures every case. Guaranteed at E. S. Leadbeater & Son's drug store. 25c.

CONDITIONS IN ROME.

A day or two ago the Pope called a special meeting of cardinals in order to obtain their advice as to the present situation in Italy and the best means to avert any harm from ecclesiastical persons and property.

The meeting discussed the recent anticlerical manifestations in Italy and the numerous insults offered even to foreign ecclesiastics visiting Rome or belonging to foreign colleges, whose cases in several instances have already been referred to the diplomatic representatives of their countries within the past few weeks. It was decided that there was no use for the Pope to make any formal protest in the matter, and that the best way to protect the clergy of Rome and Italy, would be to allow them to carry revolvers and stilettoes to defend themselves.

After the meeting, Cardinal Respighi, as the special representative of the Pope, issued orders to all the Roman clergy to purchase firearms or other weapons. Accordingly all the parish priests and their assistants in Rome, who have to be on the street often at night now go armed.

It has frequently happened of late that priests are called out in the night to sick beds and are assaulted in the streets by anti-clerical ruffians.

All the religious institutions in Rome have now been or are being provided with means of defense. The religious institutions of an educational character conducted by women have been provided with male protection. What has been done in Rome will soon be done all over Italy.

Vatican prelates say that the Italian government has not afforded sufficient protection to the religious institutions of the country.

The Pope yesterday countermanded all receptions planned in honor of the anniversary of his coronation, fearing the cardinals might be insulted in the streets while on their way to and from the Vatican.

Alexandria Gazette.

FRIDAY EVENING, AUG. 9, 1907.

Why Committee Reported Adversely.

An unfavorable report on municipal ownership was made to the city council of Kaukauna, Wis., by an aldermanic committee that visited Bellefontaine, Columbus, Richmond, Beeseville and Evansville. Alderman Martin said the lighting plant at Bellefontaine cost $73,000; that the city owes $322,000 bonded debts and has a tax rate of 4 per cent. The city owns waterworks, gas and electric lighting plants, conducts extensive improvements and pays its public officials high salaries for tending the plants.

Alderman Martin further says that in other cities, in the effort to make a good showing, plants are allowed to run down until the amount they are bonded for would not be covered by the present value of the property.—Municipal Journal and Engineer.

Covering Up Wastefulness.

The present evil of municipal ownership is the extravagance of political management of industries. This is generally masked by putting part of the cost on the taxpayers by borrowing money on the credit of the city or spending it out of the general revenues. The ultimate and oppressive evil of municipal ownership as illustrated in the history of British provincial cities is the steady progress toward bankruptcy made by continually increasing the city's debt to render all kinds of service to the public at a constant loss, continually made up by taxation and borrowing till the city's credit is gone.—From an Editorial in Minneapolis Tribune.

Truth Explodes M. O. Fallacies.

There is a curious analogy between certain chemical and economic experiments. If, for instance, equal volumes of hydrogen and chlorine are put into a glass receptacle, they will remain a quiet mixture of gases so long as they are kept in the dark, but as soon as they are brought into a bright light they explode with violence. Similarly the truth and falsehood that are usually mixed in about equal proportions in the reports of municipal plants remain quiet as long as the report is kept in the dark, but as soon as the light of investigation is turned upon it—well, there isn't much left of the report.

New Light in Seattle.

Municipal ownership theories and socialistic doctrines are having their effect on Seattle's finances. Whereas two years ago Seattle securities were the quickest to be found in the west and the most sought, today eastern financiers seem to have been completely scared out.—Seattle Times.

Illogical Municipal Ownership Talk.

Loose thinking and careless writing are responsible for a lot of the trouble that we mortals bring upon ourselves. Take, for instance, the following editorial paragraph, which appeared in the Buffalo Times:

"The doctrine of municipal ownership rests upon the broad principle of republican self government. To say that a community is incompetent to own and operate the means of transportation of its citizens, for instance, is about as sensible as to assert that a nation is unfit to fight its own battles or that it should farm out its armies and navies to private individuals or trusts to wage war with."

If for "transportation" in the above paragraph we substitute "housing, clothing and feeding," it would be quite as logical. Self government has nothing to do with the providing by state or city of the necessaries or luxuries of life.

M. O. Official Charged With Graft.

On the confession of his accomplice, William Willcox, former superintendent of the municipal electric light plant of Columbus, O., has been arrested on a charge of putting through seven bogus vouchers which are said to have netted the conspirators $4,086.

Remedy for Diarrhoea. Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not saying too much for the best remedy of the kind in the world."—S. JEMISON, Spring Grove York county, Pa. This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

I'll stop your pain free. To show you first—before you spend a penny—what my Pink Pain Tablets can do, I will mail you free, a Trial Package of them—Dr. Shoop's Headache Tablets, Neuralgia, Headache, Toothache, Period pains, etc., are due alone to blood congestion. Dr. Shoop's Headache Tablets simply kill pain by coaxing away the unnatural blood pressure. That is all. Address Dr. Shoop, Racine, Wis. Sold by E. S. Leadbeater & Sons.

FINANCIAL.

To know about a Bank when you decide to entrust it with your savings is its record for conservative management and the protection offered depositors by its capital stock. You will find the Virginia Safe Deposit & Trust Corporation a safe, sound and conservative institution, backed by successful business men and a directory composed of men who devote care and attention to its management. This institution is in every way progressive as its steady increase in deposits will indicate, its total resources amount to nearly $900,000, and its success is attributed largely to the fact that it has been liberal with its depositors. Why not open a savings account with us? We pay 3-PER CENT. interest compounded in our Savings Department and solicit your account however small the amount.
